Custom home on 5 Acres!!! The owners drew a clever layout on paper and had the home custom built. You won't find this layout anywhere else in . The home is U-shaped with the center of the U being outdoors with a fully screened cage surrounding the whole space. An amazing area to hangout in with family and friends and create memories. Multiple French doors and sliders lead to this amazing outdoor space. You've never seen a Lanai like this one! The West Wing (right upper side of the U) is like a 2nd Master Bedroom and can double as an independent suite or be part of the main home. The Master has two walk-in closets and a large beautiful 4-piece bathroom separating the closets. The Master Bathroom has dual shower heads in the walk in shower area, dual sinks with extra wide space between them, and a beautiful clean garden tub. The home has so much more to offer you. Not enough space to explain the full scope of the layout. The home is ready for you to bring your personal style to the layout. Two private driveways, a Pond, outdoor outlets, water spigots throughout acres, double wide work shed and more. If you don't have horses, buy some! The owner cleared just the right amount of trees giving the property that true estate feel and plenty of area to enjoy the outdoors right on your own property.
